a) Modification of an existing undergraduate program/degree/major:

Modifying the KES Health Sciences BA and the KES Kinesiology and Exercise Sciences BA into one BA with three tracks. The degree requirements are also being reduced to 38 credit hours for each of the three tracks. In addition, courses that are no longer being offered are eliminated from the program.

2. Please answer the following, for both new programs and modifications, numbering your answers.

1. Specify (a) the number of credits required for the program and (b) the number of elective credits.

2. Specify the minimum required GPA for courses taken for the major, minor or certificate. Unless otherwise stipulated here, the minimum required GPA will be set as 2.0 (C) in Banner.

3. Specify the minimum acceptable grade for each course taken for the major, minor, or certificate. Unless otherwise stipulated here, the minimum acceptable grade will be set as 1.0 (D) in Banner.

Old KES BA degree:

- 1a. 63-65 credits
- 1b. 15 credits
2. 2.0 GPA
3. A grade of C- or better in all major requirement courses except for Biology 125, 243/243L and 244/244L

New KES BA degree:

- 1a. 38 credit hours for each one of any three tracks
- 1b. 9 to 18 credit hours of electives.
2. 2.0 GPA
3. A grade of C- or better in all major courses.

- 3. How does the NEW program or program modification benefit students, the curriculum, and the institution, and how does this change relate to or impact other programs at the university?**

Currently, there are approximately 106 students that are having trouble graduating with Kinesiology degrees because there are so many requirements, and many of the required classes are no longer being offered.

- 4. Describe any additional library resources, facilities, equipment or other resources required for the new or modified program and provide an estimate of such costs.**

Type in "None" if appropriate.

No new facilities, equipment or library resources required.

- 5. Describe any additional faculty required for the new or modified program and provide an estimate of such costs.**

No new faculty required at this time. One faculty person was hired last year, and we are hoping to be allowed to hire another replacement faculty next year.

- 6. If this is a new program or a new certificate or a minor or a new track within an existing program, copy and paste from a Word document into the window below a catalog-ready list of the graduation (or minor or certificate) requirements, including required courses and acceptable electives.**

If this is a program modification, copy and paste the current requirements into the window below; strike out portions to be deleted, and underline any new or additional portions.

Reminder: This proposal is for one type of program. Include requirements for only one type of program: the BA, or the minor, or the certificate, as indicated by the type of program you selected when you created this proposal.
