RE: Marine Biology Program Codes

Effective Fall 2016, the University of Hawaii at Manoa had requested a number of program codes for the Marine Biology program in an effort to identify students assigned either to the College of Natural Sciences or the School of Ocean and Earth Science and Technology.

After further review, a decision was made to not implement the new program codes. Therefore, the following program codes are no longer required and may be deleted from SMAPRLE and SOACURR

- MBN-MS (Marine Biology(Natural Sci)-MS)
- MBN-MS-EEC (MarineBio(NatSci)-MS-EECB Spec)
- MBN-PHD (Marine Biology(Natural Sc)-PhD)
- MBN-PHD-EEC (MarineBio(NatSci)-PHD-EECBSpec)
- MBS-MS (Marine Biology(SOEST)-MS)
- MBS-MS-EEC (MarineBio(SOEST)-MS-EECBSpec)
- MBS-PHD (Marine Biology(SOEST)-PhD)
- MBS-PHD-EEC (MarineBio(SOEST)-PHD-EECBSpec)

Prior to deleting the entries in SOACURR and SMAPRLE, the entries must be deleted from SFACPLR. Please let me know if the entries are not able to be removed due to errors in Banner.
