¹ Program codes can only be used for one college at a campus. For example, if college A at Hilo is using program code BA-BIOL, then college B at Hilo will not be able to use that program code. College B will then modify the code by adding the college to the end of the code, ie BA-BIOL(B) or BA-BIOL/B. This will also hold true when a program is being moved from one college to another. Program codes used at one campus, can be used at another campus only if it is the same program.

MEMORANDUM

To: Linda K. Johnsrud
Executive Vice President for Academic Affairs/Provost

From: Gene I. Awakuni 
Chancellor, University of Hawai'i-West O'ahu

Subject: Change in Division Organizational Structure: From Professional Studies, to Division of Business Administration (B.A. in Business Administration); and Division of Public Administration (B.A. in Public Administration)

The University of Hawai'i-West O'ahu's Bachelor of Arts in Business Administration and the Bachelor of Arts in Public Administration are currently housed in the Division of Professional Studies. The combined majors in the two programs, as noted in the Fall Enrollment Report, Fall 2010, was 686.

The BA in Business Administration currently has 2 tenured faculty; 4 junior faculty in tenure track positions; and 1 instructor. The Fall Enrollment Report for Fall 2010 noted that there were 392 Business Administration majors. The Applied Science concentrations of Computer, Electronics & Network Technology (CENT), Culinary Management (CULM) and Information Technology (IT) would also be a part of the Business Administration division.

The BA in Public Administration has 4 tenured faculty and 2 halftime instructors. The Fall Enrollment Report for Fall 2010 noted were 261 Public Administration majors. The Applied Science concentrations of Respiratory Care (RESP) would be a part of the Division of Public Administration.

These are two of our fastest growing programs. I have approved movement of these programs to a new Division of Business Administration and a new Division of Public Administration.

As the organizational structure as outlined in the University of Hawaii-West Oahu's organizational chart is not affected, the action does not require formal reorganization or Board approval. Thank you for your assistance in notifying the appropriate University offices so the change will be reflected properly in the University's operational and reporting systems.

Since the program code SC-RMI is currently under the PS college, a different code would need to be selected. Since a program code cannot exist under two different colleges. Hence, the recommendation to create the new code as SC-RMI(BA). This is similar to the education degrees in Humanities and Education.

You know, with google mail, I can't tell how many of my attachments went with that last email, so I'm sending you 4 separate ones; BUSA WOA and DE, and PUBA WOA and DE.

The RMI certificate should be within the college of Business Administration, but the code is still the same, SC_RMI.

Both programs will utilize the new coding format "Degree-Major-Concentration"

Please let me know if you have any questions.
