Hi Grant,

We intend to temporarily stop out or inactivate both programs until Fall 2021. However, we are not awarding certificates at this time nor are we enrolling students into the program prior to Fall 2021. These two programs were for a specific group of individuals who have already received their certificates. Considering that there are no students in the program, we put an effective term (Fall 2019); however, if this is not necessary (since there are no students in the program so no awards to be given), you may disregard this. Since this is a temporary stop-out we are asking to have the program reactivated in Fall 2021.

Kailana did indicate that she accidentally marked the check box below the 3rd effective term box (for both programs, they should not have been checked).

I hope this makes sense. Let me know if you have any questions.

Thanks,
Kathlen

Hi Kathlen,

Per the CO-SHA and CO-CHW stop outs, it is clear you would like both these programs to stop out recruitment/admissions in Fall 2019, but the next action needs clarification. Do you want to no longer enroll/award degrees in Fall 2021, no longer enroll/award degrees in Fall 2019 (thus in Fall 2019, recruitment/admissions/enroll, /award degrees will all be turned off), or reactive recruitment/admissions in Fall 2021? Typically, either the second or third 'Effective' term box is filled in, usually not both.

Thanks,
Grant
