Hi:

I've disabled the CO-AGSU for the online application effective 201610.

Thanks.

Melissa

Please also remove reference to the Sustainable Ag certificate. Thank you for noticing this.

Hi charles....does this include the Sustainable Agriculture too? Generally, this program does not fall under the Agricultural Technology program.

Aloha Geri,

We are going to be undergoing a comprehensive study of the Agriculture program in the coming academic year. I am working with our Counselors now so that we can continue to serve students that are currently declared in any of the AG certificates. I will build a spring schedule specifically around these students' needs.

Official action may be taken to possibly stopout these certificates so that we can design a curriculum and program that best meets the needs of our community. The official stopout process, as you know, can be lengthy and complicated. Until then, I'd like to ensure that we don't have any students fall through the cracks. Please remove the Agriculture certificates from any hard copy forms or online forms that might lead new students to declare AG as a major.

Be in touch if you have any questions and I will be sure to assist.

Mahalo,

**Charles S. Sasaki**
