Application for Associates in Technical Studies Degree

Submit to the Office of the Dean of Instruction

Student: Bennadette K. Duman

Date Submitted: 01/18/2011

Counselor and /or Faculty Sponsors:

Ann Emmsley

Linda Fujitani

Degree Title: ATS - Cultural and Natural Resource Management

List Career Objectives. (Jobs for which the degree will prepare the applicant)

Bennadette Duman is seeking a career change from the travel and hospitality industry to natural resource management. She wants to specialize in protecting and preserving Hawai'i's native flora. Bennadette feels specializing in Cultural and Natural Resource Management will help her to better service Hawai'i, its people, and visitors. She recently completed her Academic Subject Certificate in Hawaiian Studies and is looking forward to applying her newfound knowledge towards a career in preserving Hawai'i's natural resources.

List Employers or Business/Industry Consultants

State of Hawai'i - DLNR (DOCARE DOFAW, DAR, HPD)
Maui Nui Botanical Gardens
Maui Coastal Land Trust
Haleakala National Park
USGS - Pacific Basin Information Node
County of Maui - Office of the Mayor and GIS divisions
Maui Invasive Species
Native Nursery

List pertinent information related to short-term and/or long-term need for someone with this training

This degree combines a core of courses in biology, ecology, technology and economics with Hawaiian studies giving students both a scientific and local cultural perspective of resource management. The overall goal of the degree is to create a workforce of cultural and natural resource professionals that will expand the current efforts in the county of Maui and the state of Hawai'i to preserve and protect the Hawaiian culture and e unique natural ecosystems of Hawa i

It program competencies to be achieved

1. to provide a comprehensive curriculum to meet the requirements for entry-level training in areas, such as native habitat restoration; archaeological preservation; invasive species eradication; and cultural and natural resources conservation, maintenance, interpretation, and enforcement;
2. to promote traditional and new applied research technologies as essential elements in workforce training;
3. to combine traditional academic experiences with hands-on applications, problem-based learning, place-based learning, inquiry, and active learning experiences;
4. to utilize culturally-based education and traditional Native Hawaiian ways of knowing to supplement modern knowledge acquisition modalities;
5. to encourage students to practice their native Hawaiian language, culture, and traditions;
6. to develop authentic training programs for local underserved populations;
7. to support the State of Hawai'i, Department of Education (DOE) career pathway in Natural Resources by creating an academic bridge to the University of Hawaii Natural Resource and Environmental Management Program (NREM);
8. to prepare students for Science, Technology, Engineering, and Mathematics (STEM) professions;
9. to provide in-service and retraining educational opportunities for personnel currently in the field, such as Department of Land and Natural Resources Division of Conservation and Resources Enforcement (DLNR/DOCARE) officers and other non-profit and governmental agency resource managers; and
10. to provide a strong grounding in general education.

Courses Needed to Complete the Degree
